SecureCare Universal Life Insurance includes the Acceleration for Long-Term Care Agreement. The Acceleration for Long-Term Care Agreement is a tax qualified long-term care agreement that covers care such as nursing care, home and community-based care, and informal care as defined in this agreement. This agreement provides for the payment of a monthly benefit for qualified long-term care services. This agreement is intended to provide federally tax qualified long-term care insurance benefits under Section 7702B of the Internal Revenue Code, as amended. However, due to uncertainty in the tax law, benefits paid under this agreement may be taxable.

Agreements may be subject to additional costs and restrictions. Agreements may not be available in all states or may exist under a different name in various states and may not be available in combination with other agreements.
